## A SENATE SENSATION

Mason Declares the People Want the Truth About the Maine.

## SECRETARY LONG INTERVIEWED

Denies the Report That Captain Sigbee Was Warned That the Maine Was in Danger of the Submarine Mines. Newspaper Divers Objectionable to Cuban Authorities.

WASHINGTON, Feb. 19.—A debate decided in its sensuous, was unexpectedly precipitated in the senate yesterday over the consideration of the resolution of Mr. Allen (Neb.) directing the committee on naval affairs to investigate the disaster to the battleship Maine.

SENATOR MASON.

An arrangement had been made for the adoption of the resolution, with a minor amendment, without debate.

Mr. Mason (Illa.) however, proposed a substitute, providing for an investigation to be conducted by a joint committee of the two branches of congress. Upon this the Illinois senator, disregarding an appeal not to force a discussion at this time of so melancholy an affair, delivered a speech in which he said that the people demanded the truth concerning the explosion and declared that they would not be satisfied with the investigation to be conducted by the officers of the navy, who would virtually try their own case and would cover up any blame that the facts might show attached to them. He fiercely denounced the policy of the government in its dealing with the Cuban question, into which he went at length, and remarked that the United States had adopted the policy of Spain in putting everything off until tomorrow.

Sharp replies to Mr. Mason's charges were made by Mr. Wolcott (Col.) and Mr. Lodge (Mass.). Mr. Wolcott declared that "not a patriotic citizen in this broad land has not the fullest and most splendid and glorious confidence in every department of this government and in the department of the navy particularly." Mr. Lodge thought this was a time when we should refrain from gratuitous insult to a friendly nation and from unjust and ignorant criticism.

"War may come," said he. "I think myself the day may not be far distant. When that day comes our course must be eternally grounded in the right. War is a grim decision, and when it comes it must come so that the people of the world can at least respect our conduct and our position. And above all it must come under circumstances which make us respect ourselves."

## SECRETARY LONG.

He Makes a Statement as to Many Rumors Regarding the Maine.

WASHINGTON, Feb. 19.—The feature at the navy department yesterday was the large number of rumors of a war-like tendency that came to the attention of the officials as requiring attention, and, in every case contradiction. So formidable had grown the list that at

When a young couple runs away to get married half the world says: "How romantic!" the other half says: "How silly!" But you can't tell either way until the "honey-moon" is over. When this young couple get settled down to the regular hum-drum of life, they'll manage all right and find solid happiness in any case, if they have good hearts and sound health. All depends on that.

It's wonderful how much health has to do with married happiness. Sickness affects the temper. You can't be happy nor make others happy if you're ailing. When you find yourself irritable, easily worried, beginning to "run-down" it's because your blood is getting poor. You need richer blood and more of it. Your blood-making organs need to be vitalized by Dr. Pierce's Golden Medical Discovery. It imparts new power to produce an abundance of the healthy, red corpuscles, and gives you a fresh supply of pure, rich blood. It's a blood-creator; it's for everyone whose blood is impure or in a poor, "run-down" condition. It prevents the germs of disease from getting a hold on your system. Even after disease is settled on you, it is driven out by the blood-creating properties of the "Discovery." It is a perfect cure for general and nervous debility, catarrh, malaria, eczema, erysipelas, scrofula and every form of blood-disease. It's called a consumption-cure but even consumption, which has its roots in the blood, is driven out by the "Golden Medical Discovery." It's the prescription of one of the most eminent physicians and medical writers in this country.

the close of office hours Secretary Long was induced to make the following statement as the easiest manner of disposing at one time of all these stories:

"Really no information has been received since Captain Sigbee's first dispatch adding anything to our knowledge of the disaster. All we know is that the Maine blew up. There is abundant room for speculation of all sorts, but no conclusion can be arrived at until an examination has been made by the divers and more facts obtained. It is a simple fact to say that such a thing might happen by design or it might happen by accident. As yet there is no indication of design. Therefore my impression has been all along, and I rather think the general opinion preponderates in the same direction, that it must have been accidental.

"You may say absolutely that there has been no secret cabinet meeting, that nothing has taken place in the cabinet that the public have not been informed about, that the whole policy of this department has been to give the public all the dispatches, that the department has no more knowledge on the subject of the cause of the disaster or even of the circumstances attending it than have the public and that the report which was to the effect that Captain Sigbee had warned the department that the Maine was in danger from submarine mines or torpedoes is without foundation, no such report ever having been received from him or from any other else.

The secretary also denied briefly and comprehensively wild rumors that he had requested the chief of police of New York to guard the Vizcaya, and that he had selected Constructor Bowles to go to Havana and raise the Maine. The last work of the day for him was to consult the representative of the wrecking companies who probably will have charge of this work and endeavor to arrange for both of them to work together so as to secure the use of each peculiar plant and to save time.

While no decision has yet been reached upon the application of the Spanish government for authorization to examine the wreck of the Maine to ascertain the cause of the explosion, the officials seem inclined to regard the request as one that could not properly be refused and it is likely that each government will make an investigation of this character concurrently.

## NEWSPAPER DIVERS.

Spanish Authorities Will Not Allow Them Near the Wreck.

HAVANA, Feb. 19.—Admiral Manterola refuses to allow the divers sent here by American newspapers to make any investigation near the wreck, at least until Captain Sigbee shall have finished his official investigation. Yesterday Lieutenant Commander Wainwright, Lieutenant Holman and Chief Engineer Howell went with divers to search for the bodies of Lieutenant Jenkins and Assistant Engineer Merritt, but the guards would not allow them to make the search and they returned to the consulate and lodged a formal complaint with Consul General Lee. However, the agreement reached between Captain Sigbee and General Blanco was that the American commander is to be allowed to use any divers sent here by the American newspapers in his official investigation. Captain Sigbee and the commander of the Fern, accompanied by General Lee, visited the captain general and had a conference at which it was decided that the American press divers should not be allowed to go inside the wreck, though any diver appointed by Captain Sigbee is to have full liberty of movement.

## Cooperating With Lee and Sigbee.

HAVANA, Feb. 19.—Captain General Blanco and the officials continue to cooperate with Captain Sigbee and Consul General Lee. The messages received from Spain and the United States, showing that the action of the Havana authorities is appreciated, gives satisfaction to the officers who are making further efforts to ameliorate the condition of the survivors. Statements from Madrid and Washington published here to the effect that many people in the United States believe the explosion was accidental, coincide with the opinion held by the Spanish officials and the excitement which followed the disaster has subsided into quiet waiting.

## One Hundred Twenty-Five Barred.

WASHINGTON, Feb. 19.—Captain Sigbee telegraphed the navy department last evening that so far 125 men had been "barred."

## Arrival of the Vizcaya.

New York, Feb. 19.—The Spanish warship Vizcaya arrived off the bar last evening and anchored.

## POLITICAL EXCITEMENT.

Kentucky Democratic Legislators Refuse to Attend a Caucus.

FRANKFORT, Ky. Feb. 19.—There was big political excitement here last night. Within one of half the Democratic members of the general assembly refused to attend a caucus called for the consideration of the Goebel election (force) bill which has already passed the senate, and which the dissenters claim it was sought to force the house Democrats to vote for. The fight which has been growing intensely for several days, has come to involve nearly every Democratic leader in the state, as well as the next race for governor and United States senator.

## Held Without Bail.

LOUISVILLE, Ky. Feb. 19.—John Schofield, who shot and killed Peter Pfeiffer on Feb. 8, has been held without bail to await the action of the grand jury. He was formerly a freight brakeman on the Baltimore and Ohio Southwestern, running out of Cincinnati.

## LAWLESS ELEMENTS

Have Almost Complete Control of Skaguay and Dyea.

## GOVERNOR BRADY'S LETTER.

Gamblers, Thugs and Lewd Women Arriving in Great Numbers—Deputy United States Marshal Killed in the Discharge of Duty—Best People are Powerless.

WASHINGTON, Feb. 19.—Secretary Bliss is in receipt of a letter from Governor John G. Brady of Alaska under date of Feb. 3, descriptive of the lawless condition of affairs at Skaguay and Dyea. It was referred to at the cabinet meeting when Alaskan affairs were under discussion and was considered sufficient justification by the members for the dispatch of additional force already authorized to be sent to Alaskan territory. The following is a copy of the letter:

"News from Skaguay by the steamboat now in port is serious. The United States deputy marshal has been shot dead in discharge of his duties. Another man was killed at the same place. "Recently the steamers have been carrying great list of passengers, many of these are gamblers, thugs and lewd women from the worst quarters of the cities from the coast. They have taken in the situation at Skaguay and Dyea and appear to have combined to carry things with a high hand.

"The best people at these places are powerless because they have no municipal form of government. The United States marshal is powerless because he can appoint only a few deputies and when they undertake to act they are singled out as targets by this ruffianly class. One of this class was tried in the United States district court last December for the killing of United States Deputy Marshall Watt in January, 1897, and was acquitted by the jury in the face of positive testimony.

"In fact these influences seem to be joined hand in hand and will surely go unpunished unless the government takes immediate action and provides the necessary force at Skaguay, Dyea and other points. Congress should grant immediate relief so that both naval and military officers can act when requested by the civil authorities.

## Should Have Patrol Vessels.

"The United States marshal should have a patrol vessel at his command with necessary accommodations for eight or 10 deputies and a proper armament. I do not see how he can perform his duties as executive officer of the court unless he has such means of locomotion always entirely at his own command.

"At the present time a large and valuable mining property is held by a number of miners at Bernera Bay. This property was recently placed in the hands of a receiver by the court but to date the receiver has not come into possession. In this instance there is much to be said in favor of the miners' action and their self control, but it is of such a nature that violence may be the result. The marshal has no means of reaching that point with a sufficient force to carry out the instructions of the court.

"Two weeks ago or a little more, a gang of men commanded Captain Patterson of the steamship Alki to discharge the natives who were handling the freight on the wharf. They attacked these natives and beat them cruelly in the face of the deputy marshal. The captain was obliged to compromise with them by paying them 50 cents per hour for work on the wharf but he insisted that natives should work on the vessel.

"I am sorry to report that the courthouse at Juneau has been burned to the ground.

## So far the winter has been remarkable for mildness and this tends to bring the crowds sooner than they were expected."

## BOASTED OF SPAIN.

Pick Driven Into the Brain of a Spanish Miner.

WELLSTON, O., Feb. 19.—A Spanish miner in a crowd of miners near Gilroy boasted that Spain would make short work of the United States in case of a naval war. He had barely uttered the boast when a pick was driven into his brain killing him. He went by the name of Alauder Alexandria. It is not yet known whether he was a naturalized citizen of the United States or still a citizen of Spain.

## Pensions Granted.

WASHINGTON, Feb. 19.—Pensions have been granted to the following Indians: Original—John Schermerhorn, Brimfield, \$8; John H. Powell, North, \$13. Additional—John N. Frazee, Frankfort, \$6 to \$8. Lilly, Madison, \$6 to \$17; Mark Hoagland, Booneville, \$14 to \$17; Frank Williams, Vincennes, \$10 to \$12; George W. McCain, Indianapolis, \$10 to \$14; Joseph Long, Brookville, \$14 to \$17; Enoch Underwood, Valence, \$15 to \$17. Reissue—John Crow, Gaston, \$17; John Bennett, Linden, \$17. Reissue and Increase—John Brown, Pierceton, \$6 to \$17. Original Widows, Etc.—Rhoda Graham, Royal Center, \$8; Dorcas A. Stockdale, Bloomington, \$8; Sarah A. Ellis, New Castle, \$12. Mexican War Survivors—Reissue and Increase—William Robertson, Lafayette, \$8 to \$12. Mexican War Widow—Rhoda Norris, Riley, \$8.

## Both Legs Cut Off.

LAMA, O., Feb. 19.—Elmer Martine, aged 35, and married, attempted to alight from a westbound passenger train on the Pennsylvania road when he fell under the wheels. The entire train ran over him, cutting off both legs, one at the thigh and the other at the knee. His home is at Bluffton. He cannot live.

## TRADE REVIEW.

Bradstreet Says Favorable Features Dominate the Situation.

NEW YORK, Feb. 19.—Bradstreet today says: Favorable features dominate the general business situation as a whole and few commercial conditions present themselves which can be regarded as in any degree disturbing. Chief among these factors which make for continued or growing strength in commercial lines may be mentioned the renewed tendency toward advances in quotations of all staple articles and the steadiness of prices in other lines where increases are not at the moment reportable.

Perhaps second in the list of auspicious features is the continued use of marked activity in nearly all branches of the iron and steel trade, more particularly in the central west, where it is authoritatively reported over 90 per cent of the pig iron furnace capacity is in blast.

The bicycle trade is reported starting up well at the west, but is still slow at east, where, however, the cotton goods situation is one of hopeful strength, owing to the strength of raw material and the restriction of production due to the New England mills' strikes. The strength of cotton, sugar and rice and the demand for iron all favor the southern trade situation, which is also being helped by the growing foreign trade in cotton goods. The activity in Alaskan shipments keeps vessels busy on the Pacific coast and freight rates are firm.

## ALLEGED SWINDLER.

Gold Brick Man Placed Under Bonds in Illinois Towns.

CAIRO, Ills., Feb. 19.—James Graham, the alleged gold brick swindler, who was brought down from Pinckneyville to answer the charge of obtaining money by false pretenses, was taken into court and admitted to bail. He gave a cash bail in the sum of \$800, John S. Aisthorpe, signing his bond. The case was continued until the next term of court. Graham has six lawyers defending him. He had to give a \$4,000 bond before leaving Pinckneyville. He was taken from here to Lewistown, Ills., where he is wanted for the alleged crime of swindling John Fisher of Canton out of \$6,000. Graham has a wife living in Chicago. It is said he is wanted badly in a number of places. He has five or six aliases.

## HAVING A TIME.

A United States Consul Visiting Lisbon in Trouble.

LISBON, Feb. 19.—The Portuguese newspapers are making a great fuss over the proceedings of the American consul in Azores, now visiting here, who, after going to various cafes entered into an altercation with his cab driver. The police had to intervene. The consul, who received a wound in the head, was taken to the police headquarters from which he was released at the request of the United States consul here. The newspapers ask if the incident will lead to an exchange of explanations "between the cabinets at Lisbon and Washington."

## SPRUNG A SURPRISE.

Change of Bullets Claimed in the Yara Murder Trial.

WARREN, O., Feb. 19.—The first degree murder trial of Louis Yara went to the jury yesterday. A surprise was sprung when the late introduced ex-Coroner M. L. Williams, who said a bullet given him by the prosecution as having been presented in evidence by the defense in comparing its weight with another bullet, was not the one he extracted from Hill's body. The defense denied on the stand that it had tampered with the bullets, saying the one returned to the state's attorney was the same one received from them on request.

## DEAD IN A POOL OF BLOOD.

FORT WAYNE, Feb. 19.—Jefferson Grube, a prominent resident of Auburn, was found dead in a pool of blood in a Columbia street resort here. The post mortem showed that death was due to hemorrhage of the lungs. Grube was formerly in the agricultural implement business in this city. He leaves a wife and two children.

## Boothblack's Last Wager.

WASHINGTON, Ind., Feb. 19.—While attempting to board a moving Baltimore and Ohio Southwestern railway train yesterday, George Sullivan, of Brooklyn, N. Y., fell under the wheels and was instantly killed. He was a boothblack, and he wagered that he would earn a given sum of money within a given time in his travels.

## Express Agent Harrell.

LIBERTY, Ind., Feb. 19.—Lewis Harrell, the absconding agent of the United States Express company, has been heard from. He was arrested in Dallas, Tex., broke and homesick. Harrell's father has made good the shortage—about \$200—and the Union Trust company, his bondsmen, has agreed not to prosecute. He will shortly return home.

## Cappuchin Mission Established.

FRANKLIN, Ind., Feb. 19.—St. Anthony's mission, lately established here by the Cappuchin priests, has been formerly dedicated to the work. Father Frigie and the other fathers who will assist him have taken up their residence at the mission.

## Murderously Assaulted.

SULLIVAN, Ind., Feb. 19.—Perry Wilson and an unknown man attempted to murder Mine Superintendent McQuade at Jackson Hill, a small mining town in this county. They were foiled in their attempts, however, but the superintendent was badly injured.

## Singular Occurrence.

LAPORTE, Ind., Feb. 19.—Judge Riddle gave notice that no grand jury will be required for the term of court about to convene. It will be the first time in the history of the county that a grand jury has not been summoned.

## RIPLEY COUNTY MOB

Speculation as to the State's Next Step in Prosecution.

## IS MURDEROUSLY ASSAULTED.

SERIOUS CHARGES PREFERRED AGAINST A YOUNG SCHOOL TEACHER—ABSCONDING EXPRESS AGENT HARRELL HEARD FROM—FOUND DEAD IN A POOL OF BLOOD.

INDIANAPOLIS, Feb. 19.—There is much speculation as to what the steps are that the state is about to take regarding the Ripley county lynchings, but no intimation from the authorities is obtainable on the subject. All that can be learned is that the attorney general has made several propositions to the governor which are said to be of a courageous character, any one of which, if adopted as a line of action, would place the lynchings in a tight position. Already there is great anxiety reported in Ripley county, where the state's impending action is no secret. The most plausible story of what the state intends doing has it that affidavits against all the members of the mob will be filed with the justice of peace or circuit court.

## ALLEGED MINISTER.

He Has a Way of Making a Living That Is Novel at Least.

SHELBYVILLE, Ind., Feb. 19.—There is a man traveling through this section who is certainly engaged in a peculiar way of making his living. He travels in a large covered wagon and pretends to be a minister. He will go to a farmhouse and secure a bushel or two of corn for which he will give in return a small amount of cheap writing paper. He will then drive to another house, work the same scheme, and when he has secured a load of corn he will drive to the nearest market, where the grain will be disposed of. It is thought the fellow has secured not less than \$200 worth of corn in this county in this manner, and that he has worked other sections of the state in the same way.

## HEMORRHAGE OF THE LIPS.

Cigarette Poison Causes the Death of a Young Smoker.

WARASH, Ind., Feb. 19.—Fred Lego, a young man of this city, is dead of hemorrhage, due to cigarette poisoning. The action of the drugs in the cigarettes eat away the tissues in the upper lip. The veins were exposed, and blood flowed copiously. Surgeons succeeded in staunching the flow temporarily, but at each renewal the loss was so great that it became evident that the life of the young man, who was only 20, could not be saved.

designated later. The following officers  
will be voted for: Mayor, marshal, city  
clerk, city treasurer, city judge and one  
councilman from each ward of the city  
all persons wishing to be candidates  
for any of the offices must notify the  
city chairman not later than the last  
day of March, 1898.

By order of the City Committee.

C. A. DAY, Secy.

ALL the populists, silver republicans  
and democrats are expected to celebrate  
the birthday of Jefferson April 13  
though if that statesman were alive he  
could not identify himself with anything  
in their platforms with the aid of the  
Yerkes telescope—Globe Democrat.GLANCE over the announcements of  
the republican candidates for city offi-  
ces and you will find there a list of  
capable intelligent citizens of Seymour,  
who hold the confidence of the people.With such men as candidates there is  
no chance for the nomination of any-  
thing but good and reliable men on the  
republican ticket.EVERY week's developments in busi-  
ness circles show a steady improvement.  
The bank clearings, which are perhap-  
the best barometer of business condi-  
tions, were last week larger than ever  
before, being 54 7-10 per cent. larger  
than for the same week last year, and  
16 per cent. larger than in the corre-  
sponding week of the prosperous year of  
1892—Ex.TREASURY receipts in the first half of  
month of February were \$14,405,929.00  
an average of \$1,028,991 per day. At  
this rate the receipts for the year would  
amount to \$375,572,810, which is  
\$10,000,000 in excess of the expendi-  
tures for the last fiscal year, and \$23,-  
000,000 in excess of those for the pre-  
ceding fiscal year. The Dingley law  
seems after all to be meeting the prom-  
ises of its framers.Reports from all parts of the country  
indicate that many leading members  
of the populist party are protesting  
vigorously against the program which  
the clique of silver worshippers in  
Washington have mapped out for  
fusion of democrats, populists, and  
silverites in the coming congressional  
campaign. The experiences of the  
populists, where fusion has been at-  
tempted in the past few years, has been  
far from satisfactory.More and more do the people appre-  
ciate the substantial street improve-  
ment made by the present city admin-  
istration. It is now the season when  
the wisdom of our official representa-  
tives is generally conceded. Seymour  
people cannot afford to be other than  
enterprising and progressive.The winter nomstead, in Haver-  
hill, Mass., is open to visitors on Wed-  
nesday, Thursday and Friday afternoons  
on the payment of 10 cents each and on  
Saturday afternoon on the payment of 5  
cents. All visitors are asked to register.Aristotle believed that the proper age  
for marriage was 37 years for a man  
and 18 for a woman.

## POLITICAL BREVITIES.

Democrats will fuse with populists in  
Minnesota.It is reported that Elder Z. T. Saxe-  
ney has been asked to accept the chap-  
laincy of the Indiana Reformatory at  
Jeffersonville.Judge John V. Hadley, of Danville,  
will be a candidate for a place on the  
supreme bench from the third district  
subject to the republican state conven-  
tion.One of the democratic candidates for  
councilman in the third ward recently  
enlarged his platform. While he is  
working on his platform his opponents  
are hustling for votes.D. H. Lubker is still the "hold over"  
chairman of the Jackson county demo-  
cracy, much to the dissatisfaction  
and disappointment of a host of party  
workers.The Seymour democratic "state  
makers" will likely "just happen" to  
meet together tomorrow. Of course  
they are not in the habit of holding  
Sunday meetings by appointment.Look out for some fun among the  
democratic candidates for city marshal.  
One of the candidates already knows  
that he is the favorite with some of  
those high up in the official councils of  
the party, others will find out that they  
are not and when they do, something  
will be said with emphasis.It is not at all improbable that Judge  
Applewhite will be an announced can-  
didate for representative before many  
more weeks have come and gone. The  
other democratic candidates will stand  
little show if he says he wants the  
honor.

THE SANCY DIAMOND.

This Magnificent Jewel Will Be Owned by  
Pauline Astor.In the ordinary course of events Miss  
Pauline Astor will some day become  
possessor of the most famous and mag-  
nificent diamond owned outside of a  
crown treasure. The gem in question is  
the world famous Sancy diamond, owned  
by her father, and were it to appear  
among the jewels worn at any court  
function or royal drawing room it would  
entirely throw into the shade every other  
gem there except the Kohinoor, which  
the queen always wears on state  
occasions as a brooch.The Sancy is a stone which is pos-  
sessed of a remarkable history. Weigh-  
ing about 54 carats, it at one time  
formed part of the crown jewels of  
Duke Charles the Bold of Burgundy,  
and on his death in battle in Switzer-  
land was found set either in his helmet  
or sword hilt. The Swiss sold it to the  
French king of the day, and from that  
time forth it became one of the crown  
jewels of France.It disappeared at the time of the revolu-  
tion, reappeared at the restoration and  
at the time of the second revolution  
in 1830 passed by purchase into the  
possession of Anatole Demidoff, the  
Muscovite millionaire. It was worn for  
a time by Demidoff's wife, Princess  
Mathilde Bonaparte, but she took it  
from her before their separation and  
then bequeathed it to his nephew, Paul  
Demidoff. The latter sold it in the six-  
ties for the sum of \$200,000, a ridicu-  
lously small price, to the late Sir  
Jamsetjee Jejeebhoy, the Parsee mil-  
lionaire and philanthropist of Bombay.  
After his demise his heirs put it once  
more in the market, and it was pur-  
chased by William Waldorf Astor by  
private contract, no mention being made  
of the price paid.—Philadelphia Times.

Shattered Nervous System.

FINALLY HEART TROUBLE.

restored to Health by Dr. Miles' Nerve.

MR. EDWARD HARDY, the jolly man-  
ager of Sheppard Co.'s great store at  
Baconville, Ill., writes: "I had never  
been sick a day in my life until in 1890. I  
got so bad with nervous prostration that I  
had to give up and commence to doctor. I  
tried our local physicians and one in Joliet,  
but none gave me any relief and I thought  
I was going to die. I became despondent  
and suffered untold agony. I could not eat,  
sleep nor rest, and it seemed as if I could  
not exist. At the end of six months I was  
reduced to but a shadow of myself, and I  
last my heart became affected and I was  
truly miserable. I took six or eight bottles  
of Dr. Miles' Nerve. It gave me relief  
from the start, and at last a cure, the great-  
est blessing of my life."Dr. Miles' Nerve  
is sold by all druggists under a positive  
guarantee, first bottle  
benefits or money re-  
funded. Book on dis-

## CHINESE TROOPS MOBILIZED.

They Will Co-operate with the French  
Squadron at Hai Nan.HONG KONG, Feb. 19.—The Ha Noi  
papers report the mobilization of 7,000  
troops to co-operate with the French  
squadron on the arrival of reinforce-  
ments. The troops have been mobilized  
at Mong-Kai, a maritime town of Ton-  
quin, close to the Chinese frontier. The  
French admiral, Beaumont, has arrived  
at Saigon with instructions regarding  
Hai Nan. The Saigon Journal announces  
that the troops there are ready to  
leave for Hai Nan, China, or for Siam.  
Serious French action is apprehended  
with possibly further encroachments  
upon Siam.

## ANOTHER COAL STRIKE.

Coal Dealers Warned to Prepare For  
Trouble April 1.AKRON, O., Feb. 19.—Local coal de-  
alers have received notice from the agents  
of operators to prepare for a general  
strike in the state, commencing April 1.  
They are warned to stock up in anti-  
cipation of the troubles. Operators in  
the Massillon district have announced  
that on the date mentioned they will  
give the men an advance of 10 cents on a  
ton. In this way they hope to keep  
their miners in line.

\$260,000 FIRE.

Three Important Pittsburgh Business  
Houses Burned.PITTSBURGH, Feb. 19.—Three impor-  
tant business houses were visited by fire  
yesterday, involving a loss of \$200,000.  
The fire started on the ninth floor of the  
National Wall Paper building, and  
within 30 minutes after the alarm was  
beyond control. In a very short time  
the flames were communicated to the  
H. Childs & Co.'s nine-story building  
adjoining and from there to the build-  
ing of M. Oppenheimer & Co. The fire  
was a furious one and a general alarm  
was necessary.

Her maiden name was Stetzel. She  
was born in Franklin county, Pennsylv-

years old. Nearly up to the time of her  
death she talked intelligently of the  
past and present, and was up to date.  
She retained her faculties to the last,  
and was in many ways a most remark-  
able woman.

A BUSINESS PARABLE.

You Cannot Fail to Appreciate the Point  
In This Story.Once a farmer had 1,800 bushels of  
wheat, which he sold not to a single  
grain merchant, but to 1,800 different  
dealers, a bushel each. A few of them  
paid him in cash, but far the greater  
number said it was not convenient then;  
they would pay later. A few months  
passed, and the man's bank account was  
low. "How is this?" he said. "My  
1,800 bushels of grain should have kept  
me in affluence until another crop is  
raised, but I have parted with the grain  
and have instead only a vast number of  
accounts, so small and scattered that I  
cannot get around and collect fast  
enough to pay expenses."So he posted up a public notice and  
asked all those who owed him to pay  
quickly. But few came. The rest said,  
"Mine is only a small matter, and I  
will go and pay one of these days," for-  
getting that though each account was  
very small, when all were put together  
they meant a large sum to the man.  
Things went on thus. The man got to  
feeling so badly that he fell out of bed  
and awoke, and running to his granary  
found his 1,800 bushels of wheat still  
safe there. He had only been dreaming.Moral.—The next day the man went  
to the publisher of his paper and said:  
"Here, sir, is the pay for your paper,  
and when next year's subscription is  
due you can depend on me to pay it  
promptly. I stood in the position of an  
editor last night, and I know how it  
feels to have one's honestly earned  
money scattered all over the country in  
small amounts."—Union Signal.

Irregularities and derangements. It has become the leading remedy for this class of troubles. It exerts a wonderfully healing, strengthening and soothing influence upon the menstrual organs. It cures "white" and falling of the womb. It stops flooding and relieves sup-

pressed and painful menstruation. For Change of Life it is the best medicine made. It is beneficial during pregnancy, and helps to bring children into homes barren for years. It invigorates, stimulates, strengthens the whole system. This great remedy is offered to all afflicted women. Why will any woman suffer another minute with certain relief within reach? ### CALL FOR REPUBLICAN PRIMARY.

The republicans of the city of Seymour, Indiana will hold a primary election on Tuesday the 8th day of March. Polls will be opened at one o'clock p. m., and will close promptly at 8 o'clock p. m. There will be one voting place in each ward, place to be designated later. The following officers will be voted for: Mayor, marshal, city clerk, city treasurer, city judge and one councilman from each ward of the city. All persons wishing to be candidates for any of the offices must notify the city chairman not later than the last day of March, 1898.

By order of the City Committee.  
W. H. BUCKLEY, Chairman.  
C. A. DAY, Secy.

ALL the populists, silver republicans and democrats are expected to celebrate the birthday of Jefferson April 13 though if that statesman were alive he could not identify himself with anything in their platforms with the aid of the Yerkes telescope—Globe Democrat.

GLANCE over the announcements of the republican candidates for city offices and you will find there a list of capable intelligent citizens of Seymour, who hold the confidence of the people. With such men as candidates there is no chance for the nomination of anything but good and reliable men on the republican ticket.

Every week's developments in business circles show a steady improvement. The bank clearings, which are perhaps the best barometer of business conditions, were last week larger than ever before, being 54 7-10 per cent. larger than for the same week last year, and 16 per cent. larger than in the corresponding week of the prosperous year of 1892—Ex.

TREASURY receipts in the first half of month of February were \$14,405,929 or an average of \$1,028,994 per day. At this rate the receipts for the year would amount to \$375,572,810, which is \$10,000,000 in excess of the expenditures for the last fiscal year, and \$23,000,000 in excess of those for the preceding fiscal year. The Dingley law seems after all to be meeting the promises of its framers.

Reports from all parts of the country indicate that many leading members of the populist party are protesting vigorously against the program which the clique of silver worshippers in Washington have mapped out for fusion of democrats, populists, and silverites in the coming congressional campaign. The experiences of the populists, where fusion has been attempted in the past few years, has been far from satisfactory.

More and more do the people appreciate the substantial street improvement made by the present city administration. It is now the season when the wisdom of our official representatives is generally conceded. Seymour people cannot afford to be other than enterprising and progressive.

Aristotle believed that the proper age for marriage was 37 years for a man and 18 for a woman.

### POLITICAL BREVITIES.

Democrats will fuse with populists in Minnesota.

It is reported that Elder Z. T. Sweeney has been asked to accept the chaplaincy of the Indiana Reformatory at Jeffersonville.

Judge John V. Hadley, of Danville, will be a candidate for a place on the supreme bench from the third district, subject to the republican state convention.

One of the democratic candidates for councilman in the third ward recently enlarged his platform. While he is working on his platform his opponents are hustling for votes.

D. H. Lubker is still the "hold over" chairman of the Jackson county democracy, much to the dissatisfaction and disappointment of a host of party workers.

The Seymour democratic "slate makers" will likely "just happen" to meet together tomorrow. Of course they are not in the habit of holding Sunday meetings by appointment.

Look out for some fun among the democratic candidates for city marshal. One of the candidates already knows that he is the favorite with some of those high up in the official councils of the party, others will find out that they are not and when they do, something will be said with emphasis.

It is not at all improbable that Judge Applewhite will be an announced candidate for representative before many more weeks have come and gone. The other democratic candidates will stand little show if he says he wants the honor.

### THE SANCY DIAMOND.

This Magnificent Jewel Will Be Owned by Pauline Astor.

In the ordinary course of events Miss Pauline Astor will some day become possessor of the most famous and magnificent diamond owned outside of a crown treasure. The gem in question is the world famous Sancy diamond, owned by her father, and were it to appear among the jewels worn at any court function or royal drawing room it would entirely throw into the shade every other gem there except the Kohinoor, which the queen always wears on state occasions as a brooch.

The Sancy is a stone which is possessed of a remarkable history. Weighing about 54 carats, it at one time formed part of the crown jewels of Duke Charles the Bold of Burgundy, and on his death in battle in Switzerland was found set either in his helmet or sword hilt. The Swiss sold it to the French king of the day, and from that time forth it became one of the crown jewels of France.

It disappeared at the time of the revolution, reappeared at the restoration and at the time of the second revolution in 1830 passed by purchase into the possession of Anatole Demidoff, the Muscovite millionaire. It was worn for a time by Demidoff's wife, Princess Mathilde Bonaparte, but he took it from her before their separation and then bequeathed it to his nephew, Paul Demidoff. The latter sold it in the sixties for the sum of \$200,000, a ridiculous small price, to the late Sir Jamsetjee Jejeebhoy, the Parsee millionaire and philanthropist of Bombay. After his demise his heirs put it once more in the market, and it was purchased by William Waldorf Astor by private contract, no mention being made of the price paid.—Philadelphia Times.

### Shattered Nervous System.

FINALLY HEART TROUBLE.

restored to Health by Dr. Miles' Nervine.

MR. EDWARD HARDY, the jolly manager of Sheppard's Co's. great store at Braceville, Ill., writes: "I had never been sick a day in my life until 1890. I got so bad with nervous prostration that I had to give up and commence to doctor. I tried our local physicians and one in Joliet, but none gave me any relief and I thought I was going to die. I became despondent and suffered untold agony. I could not eat, sleep nor rest, and it seemed as if I could not exist. At the end of six months I was reduced to a mere shadow of myself, and I was truly miserable. I took six or eight bottles of Dr. Miles' Nervine. It gave me relief from the start, and at last a cure, the greatest blessing of my life."

Dr. Miles' Nervine is sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address, DR. MILES MEDICAL CO., Elkhart, Ind.

### CHINESE TROOPS MOBILIZED.

They Will Co-operate with the French Squadron at Hai Nan.

HONG KONG, Feb. 19.—The Ha Noi papers report the mobilization of 7,000 troops to co-operate with the French squadron on the arrival of reinforcements. The troops have been mobilized at Mong-Kai, a maritime town of Tonquin, close to the Chinese frontier. The French admiral, Beaumont, has arrived at Saigon with instructions regarding Hai Nan. The Saigon Journal announces that the troops there are ready to leave for Hai Nan, China, or for Siam. Serious French action is apprehended with possibly further encroachments upon Siam.

### ANOTHER COAL STRIKE.

AKRON, O., Feb. 19.—Local coal dealers have received notice from the agents of operators to prepare for a general strike in the state, commencing April 1. They are warned to stock up in anticipation of the troubles. Operators in the Massillon district have announced that on the date mentioned they will give the men an advance of 10 cents on a ton. ### \$260,000 FIRE.

PITTSBURGH, Feb. 19.—Three important business houses were visited by fire yesterday, involving a loss of \$260,000. The fire started on the ninth floor of the National Wall Paper building, and within 20 minutes after the alarm was beyond control. In a very short time the flames were communicated to the H. Childs & Co.'s nine-story building adjoining and from there to the building of M. Oppenheimer & Co. The fire was a furious one and a general alarm was necessary.

She was born in Franklin county, Pennsylvania, in 1790, and was therefore 108 years old. Nearly up to the time of her death she talked intelligently of the past and present, and was up to date. She retained her faculties to the last, and was in many ways a most remarkable woman.

### A BUSINESS PARABLE.

You Cannot Fail to Appreciate the Point In This Story.

Once a farmer had 1,800 bushels of wheat, which he sold to a single grain merchant, but to 1,800 different dealers, a bushel each. A few of them paid him in cash, but far the greater number said it was not convenient then; they would pay later. A few months passed, and the man's bank account ran low. "How is this?" he said. "My 1,800 bushels of grain should have kept me in affluence until another crop is raised, but I have parted with the grain and have instead only a vast number of accounts, so small and scattered that I cannot get around and collect fast enough to pay expenses."

So he posted up a public notice and asked all those who owed him to pay quickly. But few came. The rest said, "Mine is only a small matter, and I will go and pay one of these days," forgetting that though each account was very small, when all were put together they meant a large sum to the man. Things went on thus. The man got to feeling so badly that he fell out of bed and awoke, and running to his granary found his 1,800 bushels of wheat still safe there. He had only been dreaming.

Moral.—The next day the man went to the publisher of his paper and said: "Here, sir, is the pay for your paper, and when next year's subscription is due you can depend on me to pay it promptly. I stood in the position of an editor last night, and I know how it feels to have one's honestly earned money scattered all over the country in small amounts."—Union Signal.

Johnny—What is "the riddle of the sphinx?"

Papa (with a meaning glance at mamma)—The riddle of the sphinx is this: How can she, being at least part woman, sit there year after year and century after century without ever saying a word? Ah, my boy, I guess it'll never be answered either—Cleveland Leader.

### THE COURT'S VERDICT COMMENDED.

One Who Has Known Mr. Hodapp for 30 Years Speaks of Him and His Vindication.

The verdict of the community, made when J. H. Hodapp, as president of the Home Furniture Co., was charged with the misappropriation of funds, of which he was entirely innocent, was fully sustained in the circuit court at Brownstown yesterday, when the case of the State vs. J. H. Hodapp, president, George Winkenhof, secretary and treasurer, and George Wettig, superintendent, was tried before Judge Voyles, the defendants being jointly charged. It was soon apparent to all within the court room that the trial would be of short duration. The state soon rested and the judge discharged the defendants, who were warmly congratulated on all sides. The state had failed to show that there was any grounds whatever to sustain the charge.

The many professional and business men of the city who accompanied J. H. Hodapp to Brownstown and to the court room as an evidence of their esteem and confidence in his integrity, saw as they knew they would, his complete vindication and the uncovering of what seemed to have been an attempt to mar the fair and good name of one of Jackson county's foremost citizens and business men. Neither on nor off the witness stand could one man be found who would father the deed.

Thirty-five years ago "Joe" Hodapp went forth from the members of his father's large family, a white headed German boy, to make his way in the world. He went to Brownstown and learned the shoemakers trade. After a most eventful and successful business career in which every transaction has been marked with energy, ability and honesty, he is compelled through great injustice, to return, after many years to Brownstown to, within a square of where he started in the battle of life to defend at the bar of justice, for the first time, his good name.

Genuine christian charity and unselfish and fearless devotion to principles of right has marked every day of "Joe" Hodapp's life, and his name is a synonym of liberality. Instead of his wronging anyone he has given thousands of dollars to causes intended to make the world better and happier, and has dealt out with a lavish hand to meet the wants of those in need and has in reality wronged himself that others might not be wronged.

## PRICE'S CREAM BAKING POWDER

A Pure Grape Cream of Tartar Powder.  
40 YEARS THE STANDARD.

### THE COURT'S VERDICT COMMENDED.

One Who Has Known Mr. Hodapp for 30 Years Speaks of Him and His Vindication.

The verdict of the community, made when J. H. Hodapp, as president of the Home Furniture Co., was charged with the misappropriation of funds, of which he was entirely innocent, was fully sustained in the circuit court at Brownstown yesterday, when the case of the State vs. J. H. Hodapp, president, George Winkenhof, secretary and treasurer, and George Wettig, superintendent, was tried before Judge Voyles, the defendants being jointly charged. It was soon apparent to all within the court room that the trial would be of short duration. The state soon rested and the judge discharged the defendants, who were warmly congratulated on all sides. The state had failed to show that there was any grounds whatever to sustain the charge.

The many professional and business men of the city who accompanied J. H. Hodapp to Brownstown and to the court room as an evidence of their esteem and confidence in his integrity, saw as they knew they would, his complete vindication and the uncovering of what seemed to have been an attempt to mar the fair and good name of one of Jackson county's foremost citizens and business men. Neither on nor off the witness stand could one man be found who would father the deed.

Thirty-five years ago "Joe" Hodapp went forth from the members of his father's large family, a white headed German boy, to make his way in the world. He went to Brownstown and learned the shoemakers trade. After a most eventful and successful business career in which every transaction has been marked with energy, ability and honesty, he is compelled through great injustice, to return, after many years to Brownstown to, within a square of where he started in the battle of life to defend at the bar of justice, for the first time, his good name.

Genuine christian charity and unselfish and fearless devotion to principles of right has marked every day of "Joe" Hodapp's life, and his name is a synonym of liberality. Instead of his wronging anyone he has given thousands of dollars to causes intended to make the world better and happier, and has dealt out with a lavish hand to meet the wants of those in need and has in reality wronged himself that others might not be wronged.

Mrs. J. A. Robertson, who has been delightfully entertained by her daughter, Mrs. Jacob Baldwin, and family, of Reddington, returned last evening to New Marion.

Food, undigested, is poison. Digested, it is life and strength. Millions of us suffer from indigestion, but we often don't know it. We think it is something else. Even doctors often mis-take the symptoms.

Pale, thin people, who are overworked who need strength, who seem in want of proper food, should take Shaker Digestive Cordial. It is astonishing what food will do, when properly digested.

It will make you strong, revive you, refresh you, sustain you, make you restore your color, make muscle, brain fibre, courage, endurance, energy, increase your power to throw off disease and keep you healthy and happy.

Indigestion does just the opposite, but indigestion can be cured and prevented with Shaker Digestive Cordial.

## ONE OF TWO WAYS.

The bladder was created for one purpose, namely, a receptacle for the urine, and as such it is not liable to any form of disease except by one of two ways. The first way is from imperfect action of the kidneys. The second way is from careless local treatment of other diseases.

## CHIEF CAUSE.

Unhealthy urine from unhealthy kidneys is the chief cause of bladder troubles. So the womb, like the bladder, was created for one purpose, and if not doctored too much is not liable to weakness or disease, except in rare cases. It is situated back of and very close to the bladder, therefore any pain, disease or inconvenience manifested in the kidneys, back, bladder or urinary passage is often, by mistake, attributed to female weakness or womb trouble or some sort. The error is easily made and may be as easily avoided. To find out correctly, set your urine aside for twenty-four hours, sediment or settling indicates kidney or bladder trouble. Chamberlain's Cough Remedy Always Proves Effectual.

There are no better medicines on the market than Chamberlain's. We have used the Cough Remedy when all others failed, and in every instance it proved effectual. Almost daily we hear the virtues of Chamberlain's remedies extolled by those who have used them. # NERVOUS BREAKDOWN

It Comes to the Preacher from Over Study and Brain Tiro—It Comes to Any Person, too, who Worries and frets.

From the Huron Tribune, Bad Axe, Mich.

A "breaking down of the nervous system" is a modern expression—a modern complaint. It is induced by prolonged strain and the overtaxing of the nervous system, and is a product of over hurry and haste. It affects the preacher and the lawyer—the direct result of brain tire. It affects people in any walk of life, too, who worry and fret. It means a depletion of the nerve force. It is curable by complete rest and change of scene, also by the use of nerve restoratives and nerve foods. As the first method is not within the reach of all, the latter offers the most universal and practical method of treating the complaint. When it is determined that medicine is to be used, select that one which contains the most nourishing properties. Do not take nervous tonics. They only stimulate, and the reaction leaves you worse than you were before. Select the medicine that is to the nerves what meat is to the body—one that as it builds up the nerves, also increases their weight. The best thing for the purpose is Dr. Williams' Pink Pills for Pale People, the reputation of which is built up by solid and indisputable proof, and which is known in every hamlet in the country. As a proof of its merits in such cases, read the following letter of a clergyman: DR. WILLIAMS' MED. CO., Schenectady, N. Y.

Dear Sirs:—In April, 1896, I was a hopeless case, owing to a complete breaking down of my nervous system and to a persistent stomach trouble. I had been treated by a great many physicians but received no permanent benefit. I had been down four times with nervous prostration and twice with gastritis. These attacks would come with such violence as to throw me into spasms. The time came when physicians said I must stop preaching or die. I would be so exhausted after the last service on Sunday that I could scarcely get from the pulpit. Many a time I have had to sit down and rest before I could leave the church in order to gain a little strength. I could eat neither

There are no better medicines on the market than Chamberlain's. We have used the Cough Remedy when all others failed, and in every instance it proved effectual. Almost daily we hear the virtues of Chamberlain's remedies extolled by those who have used them. This is not an empty puff, paid for at so much a line, but is voluntarily given in good faith, in the hope that suffering humanity may try these remedies, and like the writer, be benefited. —From the Glenview (W. # NERVOUS BREAKDOWN

It Comes to the Preacher from Over Study and Brain Tiro—It Comes to Any Person, too, who Worries and frets.

From the Huron Tribune, Bad Axe, Mich.

A "breaking down of the nervous system" is a modern expression, a modern complaint. It is induced by prolonged strain and is a product of over-activity and trouble. It affects the preacher and the lawyer—the direct result of brain tire. It affects people in any walk of life, too, who worry and fret. It means a depletion of the nerve forces. It is curable by complete rest and change of scene, also by the use of nerve restoratives and nerve foods. As the first method is not within the reach of all, the latter offers the most universal and practical method of treating the complaint. When it is determined that medicine is to be used, select that one which contains the most nerve-nourishing properties. Do not take nerve-tonics. They only stimulate, and the reaction leaves you worse than you were before. Select the medicine that is to the nerves what meat is to the body—one that as it builds up the nerves, also increases your weight. The best thing for the purpose is Dr. Williams' Pink Pills for Pale People, the reputation of which is built up by solid and indisputable proof, and which is known in every hamlet in the country. As a proof of its merits in such cases, read the following letter of a clergyman:

DR. WILLIAMS' MED. CO., Schenectady, N. Y.  
Dear Sirs:—In April, 1896, I was a hopeless case, owing to a complete breaking down of my nervous system and to a persistent stomach trouble. I had been treated by a great many physicians but received no permanent benefit. I had been down four times with nervous prostration and twice with gastritis. These attacks would come with such violence as to throw me into spasms. The time came when physicians said I must stop preaching or die. I would be so exhausted after the last service on Sunday that I could scarcely get from the pulpit. I may as well have had to sit down 243 rest before I could leave the church in order to gain a little strength. I could eat neither meat nor vegetables. I dared not allow my bare feet to so much as touch the cold carpet or floor, to say nothing of taking a cold bath. If I did I was immediately seized with cramps. In this condition I commenced taking Dr. Williams' Pink Pills for Pale People. I took one box and felt up-better—in fact worse. I said I would take no more, but my wife urged the matter, feeling my life depended upon the result, as I was "used up." I therefore continued to take them. Since then, I have had several months, I have had but one slight attack and have held revival meetings for fifteen weeks. During that time my wife was sick seven weeks, that my rest was much broken. Some nights I did not sleep at all. I had no muscular exercise for years, and my nerves, when I have done some work in my garden, and my muscles stand the test remarkably well. I can eat a cold bath daily. Every Sabbath I preach three times, and now I think I am good for another twenty years if the Lord wills. I am surprised at myself and sometimes think it cannot be possible that I have accomplished what I have. (Signed) "REV. J. N. MCCREARY, Elkhart, Mich."

Find attached the affidavit of Mr. McCready, made before a notary public. STATE OF MICHIGAN, COUNTY OF TUSCULUM, ss. J. N. McCready, being duly sworn, says that the above and foregoing statements made by him are true. Subscribed and sworn to before me this 23rd day of July, 1897. J. D. BROOKS, Notary Public.

All the elements necessary to give new life and richness to the blood and restore shattered nerves are contained in a condensed form in Dr. Williams' Pink Pills for Pale People. They are for sale by all druggists, or may be had by mail from Dr. Williams' Medicine Company, Schenectady, N. Y., for 50 cents a box, or six boxes for \$2.50.

## A SENATE SENSATION

Mason Declares the People Want the Truth About the Maine.

### SECRETARY LONG INTERVIEWED

Denies the Report That Captain Sigbee Was Warned That the Maine Was in Danger of the Submarine Mines. Newspaper Divers Objectionable to Cuban Authorities.

WASHINGTON, Feb. 19.—A debate decided in its sentiment, was unexpectedly precipitated in the senate yesterday over the consideration of the resolution of Mr. Allen (Neb.) directing the committee on naval affairs to investigate the disaster to the battleship Maine.

SENATOR MASON.

An arrangement had been made for the adoption of the resolution, with a minor amendment, without debate.

Mr. Mason (Ills.) however, proposed a substitute, providing for an investigation to be conducted by a joint committee of the two branches of congress.

Upon this the Illinois senator, disregarding an appeal not to force a discussion at this time of so melancholy an affair, delivered a speech in which he said that the people demanded the truth concerning the explosion and declared that they would not be satisfied with the investigation to be conducted by the officers of the navy, who would virtually try their own case and would cover up any blame that the facts might show attached to them.

He fiercely denounced the policy of the government in its dealing with the Cuban question, into which he went at length, and remarked that the United States had adopted the policy of Spain in putting everything off until tomorrow.

Sharp replies to Mr. Mason's charges were made by Mr. Wolcott (Col.) and Mr. Lodge (Mass.).

Mr. Wolcott declared that "not a patriotic citizen in this broad land has not the fullest and most splendid and glorious confidence in every department of this government and in the department of the navy particularly." Mr. Wolcott thought this was a time when we should refrain from gratuitous insult to a friendly nation and from unjust and ignorant criticism.

"War may come," said he. "I think myself the day may not be far distant. When that day comes our course must be eternally grounded in the right. War is a grim decision, and when it comes it must come under circumstances which make us respect ourselves."

SECRETARY LONG.

He Makes a Statement as to Many Rumors Regarding the Maine.

WASHINGTON, Feb. 19.—The feature at the navy department yesterday was the large number of rumors of a war-like tendency that came to the attention of the officials as requiring attention, and, in every case contradiction. So formidable had grown the list that at

the close of office hours Secretary Long was induced to make the following statement as the easiest manner of disposing at one time of all these stories:

"Really no information has been received since Captain Sigbee's first dispatch adding anything to our knowledge of the disaster. All we know is that the Maine blew up. There is abundant room for speculation of all sorts, but no conclusion can be arrived at until an examination has been made by the divers and more facts obtained. It is a simple fact to say that such a thing might happen by design or it might happen by accident. As yet there is no indication of design. Therefore my impression has been all along, and I rather think the general opinion preponderates in the same direction, that it must have been accidental.

"You may say absolutely that there has been no secret cabinet meeting, that nothing has taken place in the cabinet that the public have not been informed about, that the whole policy of this department has been to give the public all the dispatches, that the department has no more knowledge on the subject of the cause of the disaster or even of the circumstances attending it than have the public and that the report which was to the effect that Captain Sigbee had warned the department that the Maine was in danger from submarine mines or torpedoes is without foundation, no such report ever having been received from him or from anybody else.

The secretary also denied briefly and comprehensively wild rumors that he had requested the chief of police of New York to guard the Vizcaya, and that he had selected Constructor Bowles to go to Havana and raise the Maine. The last work of the day for him was to consult the representative of the wrecking companies who probably will have charge of this work and endeavor to

arrange for both of them to work together so as to secure the use of each peculiar plant and to save time.

While no decision has yet been reached upon the application of the Spanish government for authorization to examine the wreck of the Maine to ascertain the cause of the explosion, the officials seem inclined to regard the request as one that could not properly be refused and it is likely that each government will make an investigation of this character concurrently.

NEWSPAPER DIVERS.

Spanish Authorities Will Not Allow Them to Dive the Wreck.

HAVANA, Feb. 19.—Admiral Manterola refuses to allow the divers sent here by American newspapers to make any investigation near the wreck, at least until Captain Sigbee shall have finished his official investigation. Yesterday Lieutenant Commander Wainwright, Lieutenant Holman and Chief Engineer Howell went with divers to search for the bodies of Lieutenant Jenkins and Assistant Engineer Merritt, but the guards would not allow them to make the search and they returned to the consulate and lodged a formal complaint with Consul General Lee. However, the agreement reached between Captain Sigbee and General Blanco was that the American commander is to be allowed to use any divers sent here by the American newspapers in his official investigation. Captain Sigbee and the commander of the Fern, accompanied by General Lee, visited the captain general and had a conference at which it was decided that the American press divers should not be allowed to go inside the wreck, though any diver appointed by Captain Sigbee is to have full liberty of movement.

Cooperating With Lee and Sigbee.

HAVANA, Feb. 19.—Captain General Blanco and the officials continue to cooperate with Captain Sigbee and Consul General Lee. The messages received from Spain and the United States, showing that the action of the Havana authorities is appreciated, gives satisfaction to the officers who are making further efforts to ameliorate the condition of the survivors. Statements from Madrid and Washington published here to the effect that many people in the United States believe the explosion was accidental, coincide with the opinion held by the Spanish officials and the excitement which followed the disaster has subsided into quiet waiting.

One Hundred Twenty-Five Buried.

WASHINGTON, Feb. 19.—Captain Sigbee telegraphed the navy department last evening that so far 125 men had been buried.

Arrival of the Vizcaya.

NEW YORK, Feb. 19.—The Spanish warship Vizcaya arrived off the bar last evening and anchored.

POLITICAL EXCITEMENT.

Kentucky Democratic Legislators Refuse to Attend a Caucus.

FRANKFORT, Ky., Feb. 19.—There was big political excitement here last night. Within one of half the Democratic members of the general assembly refused to attend a caucus called for the consideration of the Goebel election (force) bill which has already passed the senate, and which the dissenters claim it was sought to force the house Democrats to vote for. The fight which has been growing intensely for several days, has come to involve nearly every Democratic leader in the state, as well as the next race for governor and United States senator.

Held Without Bail.

LOUISVILLE, Ky., Feb. 19.—John Schofield, who shot and killed Peter Pfeifer on Feb. 8, has been held without bail to await the action of the grand jury. He was formerly a freight brakeman on the Baltimore and Ohio Southwestern, running out of Cincinnati.

## LAWLESS ELEMENTS

Have Almost Complete Control of Skaguay and Dyea.

### GOVERNOR BRADY'S LETTER.

Gambler, Thugs and Lewd Women Arriving in Great Numbers—Deputy United States Marshal Killed in the Discharge of Duty—Best People are Powerless.

WASHINGTON, Feb. 19.—Secretary Bliss is in receipt of a letter from Governor John G. Brady of Alaska under date of Feb. 3, descriptive of the lawless condition of affairs at Skaguay and Dyea. It was referred to at the cabinet meeting when Alaskan affairs were under discussion and was considered sufficient justification for the members for the dispatch of additional force already authorized to be sent to Alaskan territory. The following is a copy of the letter:

"News from Skaguay by the steamboat now in port is serious. The United States deputy marshal has been shot dead in discharge of his duties. Another man was killed at the same place. Recently the steamers have been carrying great list of passengers, many of these are gamblers, thugs and lewd women from the worst quarters of the cities from the coast. They have taken in the situation at Skaguay and Dyea and appear to have combined to carry things with a high hand.

"The best people at these places are powerless because they have no municipal form of government. The United States marshal is powerless because he can appoint only a few deputies and when they undertake to act they are singled out as targets by this raffish class. One of this class was tried in the United States district court last December for the killing of United States Deputy Marshal Watt in January, 1897, and was acquitted by the jury in the face of positive testimony.

"In fact these influences seem to be joined hand in hand and will surely go unpunished unless the government takes immediate action and provides the necessary force at Skaguay, Dyea and other points. Congress should grant immediate relief so that both naval and military officers can act when requested by the civil authorities.

Should Have Patrol Vessels.

"The United States marshal should have a patrol vessel at his command with necessary accommodations for eight or 10 deputies and a proper armament. I do not see how he can perform his duties as executive officer of the court unless he has such means of locomotion always entirely at his own command.

"At the present time a large and valuable mining property is held by a number of miners at Bornea bay. This property was recently placed in the hands of a receiver by the court but to date the receiver has not come into possession. In this instance there is much to be said in favor of the miners' action and their self control, but it is of such a nature that violence may be the result. The marshal has no means of reaching that point with a sufficient force to carry out the instructions of the court.

"Two weeks ago or a little more, a gang of men commanded Captain Patterson of the steamship Alki to discharge the natives who were handling the freight on the wharf. They attacked these natives and beat them cruelly in the face of the deputy marshal. The captain was obliged to compromise with them by paying them 50 cents per hour for work on the wharf but he insisted that natives should work on the vessel.

"I am sorry to report that the courthouse at Juneau has been burned to the ground.

"So far the winter has been remarkable for mildness and this tends to bring the crowds so much than they were expected."

## GETTING READY

Every expectant mother has a trying ordeal to face. If she does not

get ready for it, there is no telling what may happen. Child-birth is full of uncertainties if Nature is not given proper assistance.

**Mother's Friend**

is the best help you can use at this time. It is a liniment, and when regularly applied several months before baby comes, it makes the advent easy and nearly painless. It relieves and prevents "morning sickness," relaxes the overstrained muscles, relieves the distended feeling, shortens labor, makes recovery rapid and certain without any dangerous after-effects.

Mother's Friend is good for only one purpose, viz.: to relieve motherhood of danger and pain.

## TRADE REVIEW.

Bradstreet Says Favorable Features Dominate the Situation.

NEW YORK, Feb. 19.—Bradstreet today says: Favorable features dominate the general business situation as a whole and few commercial conditions present themselves which can be regarded as in any degree disturbing. Chief among these factors which make for continued or growing strength in commercial lines may be mentioned the renewed tendency toward advances in quotations of all staple articles and the steadiness of prices in other lines where increases are not at the moment reportable.

Perhaps second in the list of auspicious features is the continued use of marked activity in nearly all branches of the iron and steel trade, more particularly in the central west, where it is authoritatively reported over 90 per cent of the pig iron furnace capacity is in blast.

The bicycle trade is reported starting up well at the west, but is still slow at east, where, however, the cotton goods situation is one of hopeful strength, owing to the strength of raw material and the restriction of production due to the New England mills' strikes. The strength of cotton, sugar and rice and the demand for iron all favor the southern trade situation, which is also being helped by the growing foreign trade in cotton goods. The activity in Alaskan shipments keeps vessels busy on the Pacific coast and freight rates are firm.

ALLEGED SWINDLER.

Gold Brick Man Placed Under Bonds in Illinois Towns.

CAIRO, Ills., Feb. 19.—James Graham, the alleged gold brick swindler, who was brought down from Pinckneyville to answer the charge of obtaining money by false pretenses, was taken in to court and admitted to bail. He gave a cash bail in the sum of \$800, John S. Aisthorpe, signing his bond. The case was continued until the next term of court. Graham has six lawyers defending him. He had to give a \$4,000 bond before leaving Pinckneyville. He was taken from here to Lewistown, Ills., where he is wanted for the alleged crime of swindling John Fisher of Canton out of \$6,000. Graham has a wife living in Chicago. It is said he is wanted badly in a number of places. He has five or six aliases.

HAVING A TIME.

A United States Consul Visiting Lisbon in Trouble.

LISBON, Feb. 19.—The Portuguese newspapers are making a great fuss over the proceedings of the American consul in Azores, now visiting here, who, after going to various cafes entered into an altercation with his cab driver. The police had to intervene. The consul, who received a wound in the head, was taken to the police headquarters from which he was released at the request of the United States consul here. The newspapers ask if the incident will lead to an exchange of explanations "between the cabinets at Lisbon and Washington."

SPRUNG A SURPRISE.

Change of Balleets Claimed in the Yuma Murder Trial.

WARREN, O., Feb. 19.—The first degree murder trial of Louis Yum went to the jury yesterday. A surprise was sprung when the state introduced ex-Coroner M. L. Williams, who said a bullet given him by the prosecution as having been presented in evidence by the defense in comparing its weight with another bullet, was not the one he extracted from Hill's body. The defense denied on the stand that it had tampered with the bullets, saying the one returned to the state's attorney was the same one received from them on request.

BOASTED OF SPAIN.

Pick Driven Into the Brain of a Spanish Miner.

WELLSTON, O., Feb. 19.—A Spanish miner in a crowd of miners near Gilroy boasted that Spain would make short work of the United States in case of a naval war. He had barely uttered the boast when a pick was driven into his brain killing him. He went by the name of Alauder Alexandria. It is not yet known whether he was a naturalized citizen of the United States or still a citizen of Spain.

## RIPLEY COUNTY MOB

Speculation as to the State's Next Step in Prosecution.

### IS MURDEROUSLY ASSAULTED.

Serious Charges Preferred Against a Young School Teacher—Abounding Express Agent Harrell Heard From—Found Dead in a Pool of Blood.

INDIANAPOLIS, Feb. 19.—There is much speculation as to what the steps are that the state is about to take regarding the Ripley county lynchings, but no intimation from the authorities is obtainable on the subject. All that can be learned is that the attorney general has made several propositions to the governor which are said to be of a courageous character, any one of which, if adopted as a line of action, would place the lynchings in a tight position. Already there is great anxiety reported in Ripley county, where the state's impending action is no secret. The most plausible story of what the state intends doing has it that affidavits against all the members of the mob will be filed with the justice of peace or circuit court.

ALLEGED MINISTER.

He Has a Way of Making a Living That Is Novel at Least.

SHELBYVILLE, Ind., Feb. 19.—There is a man traveling through this section who is certainly engaged in a peculiar way of making his living. He travels in a large covered wagon and pretends to be a minister. He will go to a farmhouse and secure a basket or two of corn for which he will give in return a small amount of cheap writing paper. He will then drive to another house, work the same scheme, and when he has secured a load of corn he will drive to the nearest market, where the grain will be disposed of. It is thought the fellow has secured not less than \$200 worth of corn in this county in this manner, and that he has worked other sections of the state in the same way.

HEMORRHAGE OF THE LIPS.

Cigarette Poison Causes the Death of a Young Smoker.

WARREN, Ind., Feb. 19.—Fred Lego, a young man of this city, is dead of hemorrhage, due to cigarette poisoning. The action of the drugs in the cigarettes eat away the tissues in the upper lip. The veins were exposed, and blood flowed copiously. Surgeons succeeded in staunching the flow temporarily, but at each renewal the loss was so great that it became evident that the life of the young man, who was only 20, could not be saved.

STOLTZ ESTATE.

The Woman Murdered at Portland Was Worth \$20,000.

PORTLAND, Ind., Feb. 19.—The special administrators of the estate of the late Mrs. Louis Stoltz, the murdered woman, have finished an examination of her papers. These were found intact. It was also shown that her murderers had missed \$80 in bills and \$3 in silver in their hurried search. The estate aggregates in value about \$20,000, principally in cash, deposit certificates, mortgages and notes.

Two Sudden Deaths.

WARREN, Ind., Feb. 19.—John Ray, 65 years old, a well known farmer, near the Miami county line, dropped dead. He was in apparent good health up to the hour of his death. John Ager of Lagro township, this county, also died very suddenly yesterday. He was 55 years old. Both deaths resulted from heart disease.

Dead in a Pool of Blood.

FORT WAYNE, Feb. 19.—Jefferson Grube, a prominent resident of Auburn, was found dead in a pool of blood in a Columbia street resort here. The post mortem showed that death was due to hemorrhage of the lungs. Grube was formerly in the agricultural implement business in this city. He leaves a wife and two children.

Boothblack's Last Wager.

WASHINGTON, Ind., Feb. 19.—While attempting to board a moving Baltimore and Ohio Southwestern railway train yesterday, George Sullivan, of Brooklyn, N. Y., fell under the wheels and was instantly killed. He was a boothblack, and he wagered that he would earn a given sum of money within a given time in his travels.

Express Agent Harrell.

LIBERTY, Ind., Feb. 19.—Lewis Harrell, the absconding agent of the United States Express company, has been heard from. He was arrested in Dallas, Tex., broke and homesick. Harrell's father has made good the shortage—about \$200—and the Union Trust company, his bondsmen, has agreed not to prosecute. He will shortly return home.

Cappuchin Mission Established.

FRANKLIN, Ind., Feb. 19.—St. Anthony's mission, lately established here by the Cappuchin priests, has been formerly dedicated to the work. Father Frieghe and the other fathers who will assist him have taken up their residence at the mission.

Murderously Assaulted.

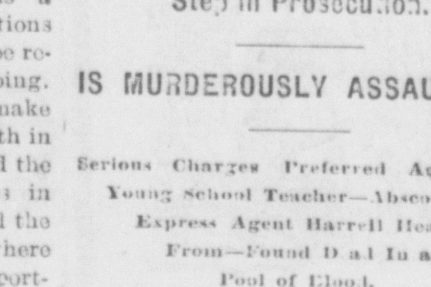

SULLIVAN, Ind., Feb. 19.—Perry Wilson, an unknown man attempted to murder Mine Superintendent McQuade at Jackson Hill, a small mining town in this county. They were foiled in their attempts, however, but the superintendent was badly injured.

Singular Occurrence.

LAFORTE, Ind., Feb. 19.—Judge Bidle gave notice that no grand jury will be required for the term of court about to convene. It will be the first time in the history of the county that a grand jury has not been summoned.

## ROYAL BAKING POWDER

Indiana School Teacher to be Tried on Serious Charges.

WASHINGTON, Ind., Feb. 19.—In Madison township, this county, a petition was filed in Trustee G. M. Critchlow's office asking for the dismissal of Edward Hubbard, who teaches the Bankham school. The petition alleges that the young teacher has been making a practice of hugging, pinching and caressing the older girls and has induced several of his girl pupils to sit on his lap. Hubbard will be tried before Trustee Critchlow next Tuesday.

THEOSOPHICAL SOCIETY.

Autonomy Overthrown and Autocracy Established.

CHICAGO, Feb. 19.—The Theosophical Society of America which met in annual convention in this city yesterday, celebrated the close of the Kali Yuga (which, according to Asiatic philosophy followed by the theosophists, was the fourth cycle of 5,000 years of human progress) by a complete change of government. Autonomy was overthrown and an autocracy was established with Mrs. Katharine A. Tingley as the spiritual head. Theosophy as a name was given a subordinate place and the International Brotherhood league was the new title with which the movement was christened. An active crusade will be inaugurated for the purpose of interesting the common people in the cult. The Theosophical society will be continued, but only as a literary auxiliary of the Brotherhood league. Spiritual power, absolute and unconditional is now vested in Mrs. Tingley and as in the case of Mme. Blavatsky and William Q. Judge, she will select her successor, thus perpetuating the autocracy.

ALL the populists, silver republicans  
and democrats are expected to celebrate  
the birthday of Jefferson April 13  
though if that statesman were alive he  
could not identify himself with anything  
in their platforms with the aid of the  
Verkes telescope—Globe Democrat.GLANCE over the announcements of  
the republican candidates for city offi-  
ces and you will find there a list of  
capable intelligent citizens of Seymour,  
who hold the confidence of the people.With such men as candidates there is  
no chance for the nomination of any-  
thing but good and reliable men on the  
republican ticket.EVERY week's developments in busi-  
ness circles show a steady improvement.  
The bank clearings, which are perhap  
the best barometer of business condi-  
tions, were last week larger than ever  
before, being 54 7-10 per cent. larger  
than for the same week last year, and  
16 per cent. larger than in the corre-  
sponding week of the prosperous year of  
1892—Ex.TREASURY receipts in the first half of  
month of February were \$14,405,920 or  
an average of \$1,023,991 per day. At  
this rate the receipts for the year would  
amount to \$375,572,810, which is  
\$10,000,000 in excess of the expendi-  
tures for the last fiscal year, and \$23,-  
000,000 in excess of those for the pre-  
ceding fiscal year. The Dingley law  
seems after all to be meeting the prom-  
ises of its framers.REPORTS from all parts of the country  
indicate that many leading members  
of the populist party are protesting  
vigorously against the program which  
the clique of silver worshippers in  
Washington have mapped out for  
fusion of democrats, populists, and  
silverites in the coming congressional  
campaign. The experiences of the  
populists, where fusion has been at-  
tempted in the past few years, has been  
far from satisfactory.MORE and more do the people appre-  
ciate the substantial street improve-  
ment made by the present city admin-  
istration. It is now the season when  
the wisdom of our official representa-  
tives is generally conceded. Seymour  
people cannot afford to be other than  
enterprising and progressive.The winter nomstead, in Haver-  
hill, Mass., is open to visitors on Wed-  
nesday, Thursday and Friday afternoons  
on the payment of 10 cents each and on  
Saturday afternoon on the payment of 5  
cents. All visitors are asked to register.Aristotle believed that the proper age  
for marriage was 37 years for a man  
and 18 for a woman.

## POLITICAL BREVITIES.

Democrats will fuse with populists in  
Minnesota.It is reported that Elder Z. T. Sac-  
ney has been asked to accept the chap-  
laincy of the Indiana Reformatory at  
Jeffersonville.Judge John V. Hadley, of Danville,  
will be a candidate for a place on the  
supreme bench from the third dis-  
trict, subject to the rep b'ic state con-  
vention.One of the demo ratic candidates for  
councilman in the third ward recently  
enlarged his platform. While he is  
working on his platform his opponents  
are hustling for votes.D. H. Lubker is still the "hold over"  
chairman of the Jackson county de-  
mocracy, much to the dissatisfaction  
and disappointment of a host of party  
workers.The Seymour democratic "state  
makers" will likely "just happen" to  
meet together tomorrow. Of course  
they are not in the habit of holding  
Sunday meetings by appointment.Look out for some fun among the  
democratic candidates for city marshal.One of the candidates already knows  
that he is the favorite with some of  
those high up in the official councils of  
the party, others will find out that they  
are not and when they do, something  
will be said with emphasis.It is not at all improbable that Judge  
Applewhite will be an announced can-  
didate for representative before many  
more weeks have come and gone. The  
other democratic candidates will stand  
little show if he says he wants the  
honor.

THE SANCY DIAMOND.

This Magnificent Jewel Will Be Owned by  
Pauline Astor.In the ordinary course of events Miss  
Pauline Astor will some day become  
possessor of the most famous and mag-  
nificent diamond owned outside of a  
crown treasure. The gem in question is  
the world famous Sancy diamond, owned  
by her father, and were it to appear  
among the jewels worn at any court  
function or royal drawing room it would  
entirely throw into the shade every other  
gem there except the Kohinoor, which  
the queen always wears on state  
occasions as a brooch.The Sancy is a stone which is pos-  
sessed of a remarkable history. Weigh-  
ing about 54 carats, it at one time  
formed part of the crown jewels of  
Duke Charles the Bold of Burgundy,  
and on his death in battle in Switzer-  
land was found set either in his helmet  
or sword hilt. The Swiss sold it to the  
French king of the day, and from that  
time forth it became one of the crown  
jewels of France.It disappeared at the time of the rev-  
olution, reappeared at the restoration  
and at the time of the second revolu-  
tion in 1830 passed by purchase into  
the possession of Anatole Demidoff, the  
Muscovite millionaire. It was worn for  
a time by Demidoff's wife, Princess  
Mathilde Bonaparte, but he took it  
from her before their separation and  
then bequeathed it to his nephew, Paul  
Demidoff. The latter sold it in the six-  
ties for the sum of \$200,000, a ridicu-  
lously small price, to a lady Sir  
Jamestie Jejeechobsky, the Parsee mil-  
lionaire and philanthropist of Bombay.  
After his demise his heirs put it once  
more in the market, and it was pur-  
chased by William Waldorf Astor by  
private contract, no mention being made  
of the price paid.—Philadelphia Times.It disappeared at the time of the rev-

## HOME DYING MADE EASY.

Even a Child Can Dye with Diamond Dyes.

Diamond Dyes Color Anything Any Color—Make Old Cloaks, Gowns, Scarfs and Suits Look Like New—How to Dress Well at Small cost.

Diamond Dyes are a wonderful help in economical dressing. These simple home dyes will color anything any color and they make cloaks, stockings, dresses, feathers, laces, curtains, etc., look like new.

Many of the Diamond Dyes are made from specially prepared dyes, and in no other way can home dyeing be done so simply and satisfactorily.

They come in all colors, and the plain and explicit directions on the package make it easy for the most experienced to use them with success. Even a child can dye a rich, perfect color, if Diamond Dyes are used.

Do not ask your material with dyes that claim to color both cotton and wool with the same dye, for it is impossible to get satisfactory results with dyes of that character. In Diamond Dyes there are special dyes for wool, and they are all guaranteed to give satisfaction, if used according to directions.

Food, undigested, is poison. Digested, it is life and strength. Millions of us suffer from indigestion, but we often don't know it. We think it is something else. Even doctors often mistake the symptoms.

Pale, thin people, who are overworked, who need strength, who seem in want of proper food, should take Shaker Digestive Cordial. It is astonishing what food will do, when properly digested.

It will make you strong, revive you, refresh you, sustain you, make you fat, restore your color, make muscle brain fibre, courage, endurance, energy, increase your power to throw off disease and keep you healthy and happy.

Givens, a banker of Sturgis, Union county, who formed a partnership for the purpose of selling dry goods in this city. In the contract it was stipulated that should either of the men drink to a degree that would impair his usefulness in business he should forfeit \$1,000 in cash to the other.

## ONE OF TWO WAYS.

The bladder was created for one purpose, namely, a receptacle for the urine, and as such it is not liable to any form of disease except by one of two ways. The first way is from imperfect action of the kidneys. The second way is from careless local treatment of other diseases.

CHIEF CAUSE.

Unhealthy urine from unhealthy kidneys is the chief cause of bladder troubles. So the womb, like the bladder, was created for one purpose, and if not doctored too much is not liable to weakness or disease, except in rare cases. It is situated back of and very close to the bladder, therefore any pain, disease or inconvenience manifested in the kidneys, back, bladder or urinary passages is often, by mistake, attributed to female weakness or womb trouble or some sort. The error is easily made and may be as easily avoided. To find out correctly, send your urine aside for twenty four hours, sediment or settling indicates kidney or bladder trouble. Almost daily we hear the virtues of Chamberlain's remedies extolled by those who have used them. This is not an empty puff, paid for at too much a line, but is voluntarily given in good faith, in the hope that suffering humanity may try these remedies and, like the writer, be benefited.

# NERVOUS BREAKDOWN

It Comes to the Preacher from Over Study and Brain Tire—It Comes to Any Person, too, who Worries and Frets.

From the Huron Tribune, Bad Axe, Mich.

A "breaking down of the nervous system" is a modern expression—a modern complaint. It is induced by prolonged strain and the overtaxing of the nervous system, and is a product of over hurry and haste. It affects the preacher and the lawyer—the direct result of brain tire. It affects people in any walk of life, too, who worry and fret. It means a depletion of the nerve forces. It is curable by the use of nerve restoratives and nerve foods. As the first method is not within the reach of all, the latter offers the most universal and practical method of treating the complaint. When used, select that one which contains the most nourishing properties. Do not take nerve tonics. They only stimulate, and the reaction leaves you worse than you were before. Select the medicine that is to the nerves what meat is to the body—one that as it weighs, the nerves, also increases their strength. The best thing for the purpose is Dr. Williams' Pink Pills for Pale People, the reputation of which is built up by solid and indisputable proof, and which is known in every hamlet in the country. As a proof of its merits in such cases, read the following letter of a clergyman:

DR. WILLIAMS' MED. CO., Schenectady, N. Y.

Dear Sir:—In April, 1896, I was a hopeless case, owing to a complete breaking down of my nervous system and to a persistent stomach trouble. I had been treated by a great many physicians but received no permanent benefit. I had been down four times with nervous prostration and twice with gastritis. These attacks would come with such violence as to throw me into spasms. The time came when physicians said I must stop preaching or die. I would be so exhausted after the last service on Sunday that I could scarcely get from the pulpit. Many times I have had to sit down and rest before I could leave the church in order to gain a little strength. I could eat neither meat nor vegetables. I dared not allow my bare feet to touch the cold floor or carpet or door, for to do so would immediately send me with cramps. In this condition I commenced to take Dr. Williams' Pink Pills for Pale People. I took one box and felt no better—in fact worse. I said I would take no more, but my wife urged the matter, feeling my life depended upon the result, as every thing else had failed, and I was "used up." I therefore continued to take them. Since then, and it has been several months, I have had but one slight attack and have enjoyed life. Have preached all summer and held revival meetings for fifteen weeks. During that time my wife was sick seven weeks, so that my rest was much broken. Some nights I did not sleep at all. I have been able to do regular work in my garden, and my muscles stand the test remarkably well. I can eat anything I desire, and can now enjoy a cold bath daily. Every Sabbath I preach three times, and now think I am good for another twenty years if the Lord wills. I am surprised at myself and sometimes think it cannot be possible that I have accomplished what I have.
